Purpose

Mt. Juliet Police Explorers

In late 2000, the Mt. Juliet Police Department decided to partner up with Boy Scouts of America to start a Police Exploring program. This program was created to educate young adults about police work and shape their career path into outstanding law enforcement officers. The Explorers participate and receiving training in real-life scenarios where they learn on all types of law enforcement topics. When the Explorers are participating in city special events and ride-a-longs, they are working alongside actual officers in the field. In addition, the Explorers attend yearly local, state, and national competitions where they compete with other Explorer posts throughout the nation for recognition and awards. All of their hands-on experience, hard work, and dedication prepare the Explorers for their future in law enforcement. It is now 2021, and the police explorers have a strong history behind them. The first class of explorers has competed and excelled in many competitions. The Mt. Juliet Police Explorer post is still going strong with the most Explorers it has ever had in history, with 15 active Explorers.

The Exploring purpose is to provide training and experiences to help young people mature and prepare them to become responsible and caring adults. It gives teenagers a chance to see actually what a police officer's job consist of. In addition, it helps support the teenager's desire in law enforcement work as a career path to provide them with knowledge and resources to have a successful career in law enforcement One goal of the Mt. Juliet Police Explorer program is to improve relations between the community, specifically the youth and the police department. This is accomplished in many ways, that include: providing positive interaction between youth and police that they may not otherwise have, providing positive role models for youth and empowering them to be positive role models for others in their community, giving youth the opportunity to be leaders in their community, providing youth the skills to become productive citizens in the community, and helping law enforcement better understand the needs of the community that they protect and serve by establishing positive relationships with the people who live there.

Secondly, the Mt. Juliet Police Explorer program would like to remain one of the top Explorer posts in the state. This can be done if the program maintains a high level of membership, support from the police department with advisor staff, funding resources, and continuing to be an active, community-involved program.

Sponsorship Options

Gold Sponsorship

- Four man team that includes a hole sponsorship, business or entity name displayed at signup and scoring, & a corporate tent allowed.
- \$800.00 per Gold Sponsorship
